

## **ETBs and their role as a Data Controller**

ETBs are statutory authorities which have responsibility for education and training, youth work and a range of other statutory functions.

ETBs manage and operate second-level schools, further education colleges, Community National Schools and a range of adult and further education centres delivering education and training programmes.

The general functions of an Education and Training Board are stated under the Education and Training Boards Act 2013.

For primary and second level schools established and maintained by an Education and Training Board (ETB), the ETB is the data controller for the purposes of the data protection legislation.
